## *Ramon Novarro is Visitor in Carmel*

Comes now the welcome news that the idol of a million gals will soon return to the silver screen from which he has been absent far too long. Perhaps that's putting it on a bit too thickly because this guy Novarro is pretty much a favorite with the male element too. Our cameraman, for instance, who is generally severe on his movie stars, voted him four stars

Those of you who can remember back to the era of "The Prisoner of Zenda" which officially launched Ramon Novarro as an international box office favorite, will have nostalgic recollections of his Rupert of Hentxau. There followed a long succession of roles, many good and too many mediocre, due not to the undisputed talents of Senor Novarro, but to poor judgment of the producers, who stupidly missed a "one in a million" chance to capitalize on his dramatic ability, by forcing him into sentimental parts.

After a year or so of ill health from which he has now entirely recovered, he is making a fresh start, and if present plans mater-

# Sunset School Carnival To Feature Many Attractions

Friday is carnival day in Carmel. At 1:30 the big parade will wend its way through Carmel town with the band playing, the clowns clowning, the doll buggy brigade, the bicycle division and the costumed children bringing up the rear. On to the Sunset School for the P. T. A. carnival they'll march and from then on the sky's the limit.

What with ice cream, soda water, hot dog and candy booths here and there, there's no telling how busy the drug stores will be after it's all over. Dickie Dixon, By Ford, Ruth Austin, June Delight and Miriam Watson are staging a Variety show that gives every promise of laying them in the aisles. Kindergarten and the first grade will have their own circus complete with miniature band. The piece de resistance of the day, however, is the trained seal show which H. W. Winston will present.

The Monterey (practically all-clarinet) high school band has promised to make an appearance in their new uniforms to help add to the festivity of the day.

From four until six, Freddie Nagel's Hotel Del Monte orchestra will hold forth in the lunch room and if you're a bit behind on the latest dance steps there'll be plenty of highschoolers to show them to you.

Thanks to M. J. Murphy, the carnival will have the very finest booths, made by donated labor of donated lumber.

Mrs. Karl G. Rentdorff will have charge of the book stall and Mrs. John Neikirk will sell you flowers.

If you've never heard Milt Latham bark you haven't heard anything. He will be one of the barkers with Corum Jackson, W. K. Bassett and Hal Bragg.

Mr. and Mrs. J. C. Herron of Casanova street entertained last week Dr. and Mrs. H. J. Templeton, Dr. and Mrs. J. Lunsford, of Oakland, who were attending the doctor's convention at Del Monte.

## *Local Dairy Has Its Truck Stolen*

A lot of Carmelites had to drink their coffee black Tuesday morning because someone purloined the delivery truck of the McDonald Dairy sometime Monday night.

The truck, which was parked on Lincoln street, was loaded with 16 cases of empty bottles when it was stolen.

Police believe that the theft was the work of some drunk from Monterey who became stranded in Carmel and wanted transportation over the hill.

The truck is a 1935 Chevrolet and has the dairy signs painted on both sides of it.

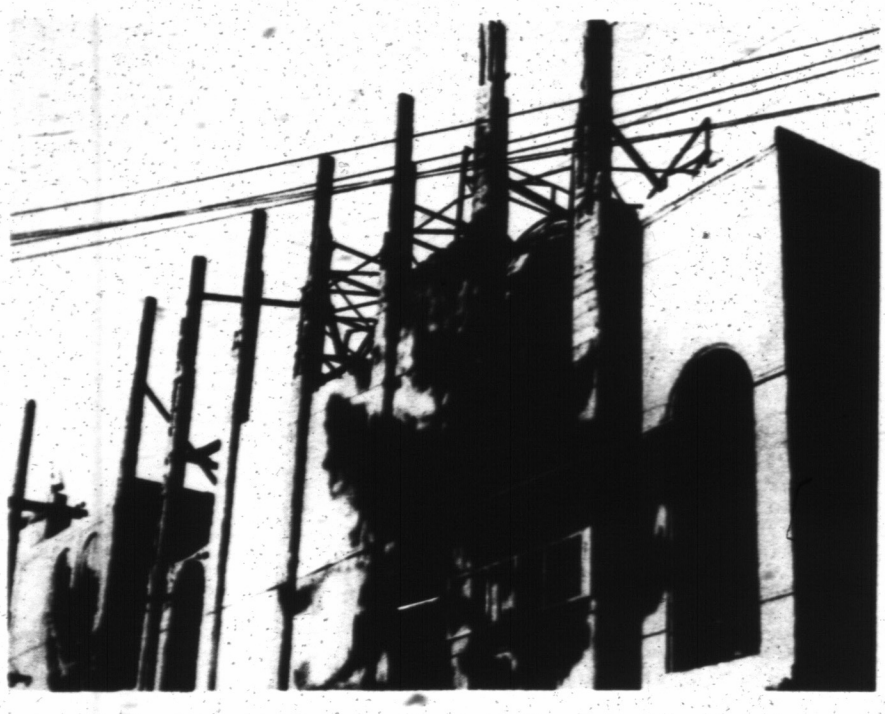
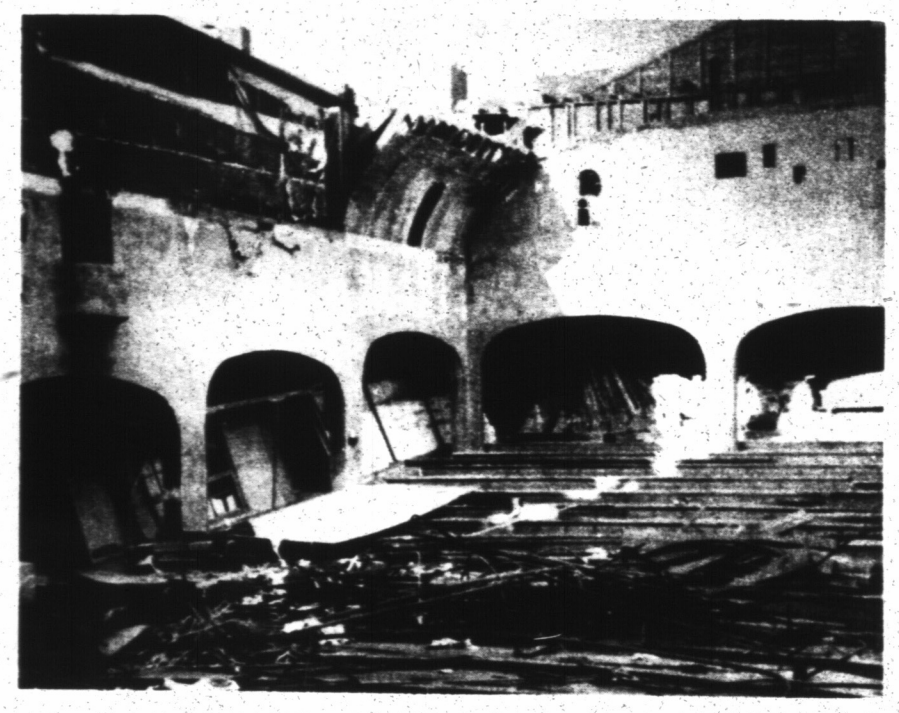
# CITY COUNCIL CONDEMNS THEATER RUINS





**Upon the advice of several engineers, the city council at its meeting Wednesday night voted to condemn the ruins of the Theater of the Golden Bough, Ocean avenue and Monte Verde street, as a fire hazard and a menace to public safety. The theater was destroyed by fire a few years ago but Edward G. Kuster, the owner, had haped that someone would buy the property and rebuild the theater upon the foundation which was left by the blaze. Our camera gives you two views of the ruins, one from Monte Verde street and another of the interior.**

# "PRISONER OF ZENDA"

**Ramon Novarro, who sent thrills up your spinal column a few years ago when he starred in such pictures as "The Prisoner of Zenda" and "Son of India," spent several days with Noel Sullivan on his ranch in Carmel Valley last week. Novarro is planning to return to the silver screen.**

## *Returns to Screen*

(Continued from Page One)

ialize, he will join the cast of "The King's Highway," the proposed B. V. Mindenberg production, the story of which is set along El Camino Real.

More than three years and $45,000 have already been spent on research, historical and otherwise, to make "The King's Highway" an authentic picture of early California life. Novarro will assist with the writing of the script, as well as acting the leading role.

Sketches have been made by Jo Mora of 17 sets and of every historical "prop" from old leather campaign bottles, wooden plows and carbines for Portola's dragoons, to candle lanterns, saddles, mule corrals and Indian huts.

But whether or not the technical details are a success, if the picture serves to bring Ramon Novarro back to the screen where his immense charm can be compared with the superficiality of the current heart throb Robert Taylor, perhaps "The King's Highway" will have been useful.

John Ward, Esquire, was host to a party of Carmel gents last week, taking them to Crystal Lake for a bit of fishing. Technical details were arranged by Jean, manservant to Squire Ward. The fishermen who brought back large catches were Messrs. Charles Fuller, William Hudson, Paul Whitman and Herman Crossman.

## *Pictorial News*

The Hindenburg disaster at Lakehurst this week demonstrated the power of the camera is recording news. Regardless of what daily paper you read, you saw at least one picture which told the story at a glance, a story which could not have been told in columns of type.

We know the power of the camera and that is what caused us to change our format and give Carmel its only pictorial weekly. As an example of the power of the camera over type, our contemporaries carried stories of the last city council meeting and told you that the ruins of the Theater of the Golden Bough had been condemned as a fire hazard and a menace to public safety.

We don't know what picture you formed in your mind of the condition of these ruins after reading these stories but this incident gives us an opportunity to demonstrate why we turned "pictorial."

Our cameraman gained entrance to the ruins and on another page of this issue our camera will show you the conditions of the interior of the wreckage. Without reading a lot of printed columns, you can see at a glance why the city council condemned it.

While we are on the subject of pictures, we are going back to the Hindenburg disaster and take issue with some of the news services who have claimed that their pictures are the most sensational news shots ever made.

Back in 1910, long before our super-sensitive film was available and the modern fast lens had been introduced, William Warnecke, ace photographer for The New York World, made what we believe was the greatest news picture ever recorded by the camera. It was of the assassination of Mayor Gaynor of New York City.

The Mayor was posing for Warnecke when the assassin fired his shot. Such an unexpected turn would have caused the average photographer to click his shutter a split second after the shot was fired. However, Warnecke was a trained news photographer and wanted to make his picture tell a dramatic story.

He waited until the blood started to flow from the wound in the nose; waited until the Mayor's knees started to sag and those near him rushed in to support him. Then he made his picture.

That picture is known to every news photographer. We are reproducing it on this page for the purpose of showing that the camera can tell a better story than the typewriter.

The Californian became a pictorial weekly because we know that the camera can save you a lot of reading time in getting the news in Carmel. We know that it tells a more complete story than we can paint upon a typewriter.

## CAMERA TELLS STORY

**We are indebted to Modern Photography for this famous news picture of the slaying of Mayor Gaynor, of New York. It was made in 1910, and, in our opinion, is still the greatest news picture ever made.**

## *"Boxholder, Carmel"*

We have a pet peeve.

That little peeve makes us strongly in favor of the petition being circulated here in view of procuring a new and government-owned post office.

As much as we like to brag about everything the community has to offer, we are forced to admit that those second-hand boxes are rather hard to open. In fact, we would have defied Houdini to get out of ours. Getting out of it would be a lot easier than getting into it.

We have a habit of visiting Uncle Sam's emporium about twice a day. At least twice a week, by shading our eyes, we ascertain that there is something in our box. Then we roll up our sleeves and go to work.

We usually forget to bring along a can opener, so we have to juggle the combinations of letters furnished us when the box was assigned.

After considerable physical exercise and a lot of suppressed profanity, we are usually able to coax the door into opening. Then in a spirit of triumph, we draw out the contents of the box.

The flush of victory fades from our brow as we see that he have extracted some piece of junk addressed to "Boxholder, Carmel, Calif."

Then we want to sing praise to Mrs. Cator for anticipating the needs of her patrons. We can't hold her responsible for the cramped conditions of our postal dispensing station or the condition of the locks on our boxes, but she has at least provided us with three barrels into which we can dump, as quickly as possible, this "Boxholder" garbage.

Our main reason for favoring a new, government-owned post office is that it would mean we would have new boxes with workable combinations and would not have to work ourselves into a lather in order to get this "Boxholder" bunk into the barrels where it should have been placed when it first came into the post office.

# INTRODUCING OUR ARTISTS

**Miss Elizabeth Strong is the dean of Carmel artists. By reason of her splendid animal portraits, Miss Strong has been called "the Rosa Bonheur of America." A native of the Peninsula, its every mood is familiar to her, and that is why, for one reason, her landscapes seem to express so well the feeling and atmosphere of Carmel. This year, at the age of 82, Miss Strong delights in going on sketching trips up the Carmel Valley to paint the fields of wildflowers which are blooming in such profusion this spring.**

**Miss Strong is equally well known in Great Britain and on the continent. She exhibited in the Paris Salon for seven years and many of her animal paintings grace the walls of the best clubs of England, as well as the private homes of her subject's masters.**

**She is a member of the Carmel Art Association and exhibits there frequently. Her studio is located on Casanova between Ninth and Tenth streets and is open to the public on Saturdays.**

## *New Realtor*

Mrs. Claribel Haydock Zuck, who has been identified with Carmel and Carmel real estate for the past 20 years is the head of the new firm, and the office is located in the Ewig building in the postoffice block.

In addition to the capable and charming Mrs. Zuck, there will be her staff of salesmen, chief among them, Miss Rosalie Kimball, who has many friends in the Village and who will be a welcome addition to the town's younger set.

A well-attended meeting of all those interested in planning the annual Jinx of the Carmel Music Society met at the home of Mr. and Mrs. Fritz Wurzman, Wednesday night. A tentative date was set for May 24th.

## *Producing Movies*

The Filmarte Theater has been converted into a studio and Dick Bare, the manager, is now playing the role of cameraman for the Security Film Company. The organization is filming "Miracles of Sports," which features Bob Edgren, famous sports writer and cartoonist who resides in Pacific Grove.

Bob Edgren Jr., is serving as assistant director and is in charge of the sound recording.

Many famous figures in the world of sports are to be brought to Carmel, it is understood, while the series is being filmed.

## *Graduation Planned*

Tuesday, June 8, is the day set for the graduation exercises of the Sunset School, and on August 30, the school will reopen after the summer vacation. These dates, with other announcements, were made public at a meeting, held Wednesday, of the Board of Trustees of the Sunset School.

In acknowledgment of the splendid work of Principal Otto W. Bardarson, and his staff of teachers, the board voted an increase in their salaries, which will become effective during the next school year. All teachers were reappointed to their respective positions, and in addition, two new positions were created, namely, athletic coach and chairman of the library committee. The office of secretary, which has been so ably filled by Miss Helen Newmark, has been made a full time job, to extend through the summer with the compensation of two weeks' vacation.

Mrs. Helen Levinson was highly complimented for her untiring work for the benefit of the Sunset school during her years of service on the board, and the candidacy of Mrs. E. A. H. Watson, for the place to be vacated by the retirement of Mrs. Levinson, was given the unanimous approval of the board.

In accordance with the recommendations of City Inspector Birney W. Adams, the work of making the building safer will proceed during the summer, and it was learned that as a first step, the furnace has been insected and proved to be in good condition, by the school boiler insector J. W. Allen.

Mrs. Levinson expressed the hope that the 175 new stationary chairs for the balcony will be installed either before or after the Bach Festival so that the installation will not conflict with the performance.

The Mission Ranch club was the setting Saturday night for a hop, commonly known as a dance, which was attended by a great number of the village's gay young things, not to mention others.

Allen Knight's orchestra wearing the uniforms of the club's official band, played dulcit music to the accompaniment of vocal ditties by Dot (Mrs. Herman) Crossman.

Among those present were Mr. and Mrs. Willis Walker, Mr. and Mrs. Lloyd Tevis, Mr. and Mrs. Robert Stanton, Mr. and Mrs. Herman Crossman, Mrs. McKim Hollins, Mr. and Mrs. William Swain, Miss Jessie Brown, Miss Doris Dale, Miss Happy Whyte, Miss Betty Mack, Miss Ann Wolcott, Miss Audrey Marten, Miss Rosa Miller, Miss Lois Bern, Miss Jackie Rifesnyder, Major Roland Morgan, Mr. Gordon Campbell, Mr. Eben Whittlesy, Mr. John Campbell, Mr. Ray Burns, Mr. Pete Conlan, Mr. Louis Conlan, and Mr. Bill Hubbard.

## *Vacation Spoiled*

Mrs. Knapp Smith, of Honolulu had her vacation in Carmel rudely interrupted by Police Judge Ross Friday morning.

It seems that Mrs. Smith's car crashed into a parked machine, belonging to Milt Latham, Thursday night. She was taken before Judge Ross the following morning on a charge of operating a car while under the influence of liquor.

He imposed a fine of $100 and sentenced her to 30 days in the county jail. The jail sentence was suspended upon the condition that she spends the rest of her vacation in some other section of California.

There will be a lot of envious glances cast in the direction of Mrs. Margaret Swedberg and her sister Mrs. Jane Rawson when they set off on the royal road to romance next month. There isn't one person in a thousand that hasn't longed at some time or other to drop everything and start out to see the world. For seven years Mrs. Swedberg has worked in the Carmel Realty office and Mrs. Rawson has been busy for as long. But the wanderlust has finally caught up with them. Alaska is the first port of call. No set plans have been made after that. But its certain that east or west, north or south they'll never regret it.

Mrs. Elizabeth Curran's skill as a designer and builder of distinctive houses is rapidly bringing her renown. Her own residence on South Carmelo which she built last year and which is one of the most attractive houses in Carmel has brought many envious glances in that direction. For the past few months she has been busily engaged in designing and supervising the construction of her new house in the Mission Tract. Situated on the rise of the hill just above the Club, it is a rambling Mexican farmhouse type. It is painted a light blue, and has white shutters and trimmings and will soon have a blue and white garden to carry out the color scheme. The main feature of the house is the patio on to which four doors open from the house. The rooms are large and well lighted by large windows through which a view of the water can be had.

In cat heaven it's certain that every little cat will be equipped with a "beebee" gun to stalk little boys. But in the meantime the positions are reversed. Two new "beebee" gun tragedies were recorded last week among the feline residents of Carmel. Mrs. B. C. Semmons having missed her beautiful persian, set out in search of her, only to find her, lying dead in the garden as the result of several "beebee" gun wounds. The next morning a tiny black kitten, obviously someone's pet, was discovered by Miss Frances Brewer, near her house, riddled with "beebee" shot.
